

August 19, 1940

Dear Fan:

The Trustee Board of the Community Hospital wishes to take this opportunity to express publicly our appreciation and gratitude to the committee and management of the Newark Eagles Baseball Club and the public who are responsible for sponsoring this Charity Baseball Game for the benefit of YOUR hospital.

In this effort we hope to gain new friends for the hospital. As you know, the game is being sponsored to help purchase some much needed equipment in order that we may better serve you and the community.

This work can be established on a firm basis and insure its permanency by an easy method--one in which the citizens can play an important part. This can be done by taking out a membership in the Booker T. Washington Community Hospital Association, incorporated under the laws of New Jersey for charitable purposes only. This gives us an authoritative appeal to the public for support.

Our organization should be numerically enlarged. We need increased memberships to give greater interest as well as financial support to the institution. Memberships are classed as follows:

Regular- - - - -	\$ 1.00
Sustaining - - - - -	\$ 5.00
Contributing- - - - -	\$ 10.00
Life - - - - -	\$100.00

We are appealing to you and the public in general to enroll with us in this worthy cause. Again we thank you in helping to make this charity game a success.

Very truly yours,

Rev. J. C. Nelson, Pres.

George Fennell, Vice Pres.

Rev. A. L. Davis, Treas.

E. E. Terry, Sec.
